Over the past 18 years, CAS Professional Group, Inc. has gone from a small "home office" with Alain Fleurot, CEO to what it is today with spacious professional offices located in Redondo Beach. CAS has five employees that specialize in Bookkeeping, Income Taxes, Payroll Services and Problem Resolutions with ANY taxing agency such as audits, Offer in Compromise and installment payments.

CAS offers free electronic filing of all acceptable tax returns to any location in the country that has been prepared by them. CAS is set up to accept

information via 100% SECURED portals set up through their website for your convenience.

CAS is the official Tax Preparer for the seniors of Redondo Beach who are also members of the Friends of the Redondo Beach Public Library and have prepared over 75 pro bono tax returns for the year just ended. CAS even negotiated a reversal of an IRS payment plan that was in effect for the last five years on a poor senior who was paying \$125.00 per month from her social security as the taxpayer did not know it could be stopped.
